

SEEN, HEARD & TOLD BY THE EDITOR

We cannot but speak the things which we have seen and heard. Acts 4:23

We are getting out only four pages this week. We are short on ads, but have plenty of news. Then, too, we have been in a stew all this week as Bill Cunningham inoculated us with the car-swapping bug. Fred Griffin stepped in got the swap, however, and put us in the Pontiac class.

Based on this week's business, we could not afford to buy a wheelbarrow, but hope springs eternal, you know.

Lt. (beg pardon, Captain) Ben A. Moore, Jr., USMC, while visiting his folks here came in and paid his dues. He is stationed at a Marine base in North Carolina.

"Hymie" Krestel, wife and kids pulled out from Grenada this week, moving to St. Louis. They made many friends in Grenada during their stay here and these friends hope they have continued success in their new home. The GCW follows them, as they paid up on the eve of their departure.

Sam Wade, fisherman and merchant prince of Grenada, is scheduled for Hot Springs Saturday, to get his feet washed.

Other Hebrew news: Moses Isenberg has been catching crappies at Black Hawk.

Folks in the North don't understand the fine relationship that exists between individual white folks and individual Negroes in the South. There is that which existed between Claud Hall, white, and Johnnie Gold, Negro. Claud is dead, but Johnnie still loves him. There is the relationship that existed between me, a white person, and Sebe Clark, a Negro. Sebe is dead, but I still love old Sebe, even if Sebe did not know an "a" from a "b". Then there were Will Hoffa, white, and James Russell, Negro. Will Hoffa is dead, but James still loves Mr. Hoffa. Will Hoffa gave James a picture of Hoffa and Camp Commander Ryder. The picture began to deteriorate, but James spent a few of his scarce dollars to have the photograph "touched up" so that it would be preserved. Ignorant folks in the North just don't know these things which are common knowledge in the South. Many of the gyankees, coming here for the first time, are disappointed that they do not see a Negro hanging from every telephone pole. White folks, in general, are friends, not enemies of Negroes.

It will bear repeating right here that Grenada County is the only county in Mississippi, if not in the whole South, where a white man was convicted and legally hanged for the murder of a Negro.

If the gyankees would let us alone, we of the South would work out our own racial problems. Fine progress has already been made. We all realize, of course, that there are rascals on both sides.

Reformers in the North and a few impatient, hot-headed Negroes in North and South could easily halt the fine progress being made by insisting on too much, too quickly, in a costly change in our educational system. It could easily happen that Mississippi might follow South Carolina and Georgia in taking the whole idea of "free education" from its Constitution. Then, where would all of us be? Fundamental changes just don't occur quickly. Rather, they come gradually, if they come at all.

Some things you just can not MAKE folks do. Folks must be LED, not driven. Like using parking meters. If the folks don't like them, don't come to town, you just can't MAKE them come to that town. There are individuals, so damned stubborn they will WALK to another town before they RIDE to a parking meter.

Thanks to James R. Caffey, our subscriber in Falls Church, Virginia, for an inauguration issue of the Washington Times-Herald.

John Hall, a stray ram, has returned to the GCW fold. He is some sort of a cousin of Casella, free state.

A renower in Arkansas said he would stop payment on the check. I mentioned him. There is deep silence, even if reverential thanks, on our end of the line. Until the check clears, that is.

GRAND JURY URGES NEW COUNTY JAIL

Lightest Criminal Docket In Years

The Grand Jury, in its report Monday, urged the Board of Supervisors to begin plans for an adequate, safe and modern County Jail to replace the present one, which the jury called, "unsafe to house prisoners."

Law enforcement officers were praised for their diligence and the Grand Jury reported that the criminal docket was the lightest one in many years.

The jury report follows: "To Honorable Henry Lee Rodgers, Circuit Judge, We, the Grand Jury of the State of Mississippi, duly elected, impelled, sworn and charged to inquire in and for said court at Circuit term of the Circuit Court, respectfully make this our following report:

"We have been in session one day. We have investigated 14 reported violations of the law.

Interrogated 24 witnesses, pursuant to which we have returned into open court 10 true bills of indictment.

"We wish to thank Your Honor for the splendid charge given us upon the convening of this court; it has been of immense value to us in the performance of our duties. We wish to thank the district attorney, the county attorney and all county officials for the courtesy and assistance to us.

"We have investigated all matters submitted to us for our investigation and feel that we have performed our duties as required by law. We have investigated the county jail and the county home. We found the county home in good condition, well kept and the inmates well provided for, our only recommendation being for some shares and replacing two or three windowpanes. The county jail is old and in about as good condition as such an old building would permit. It is unsafe to house prisoners and we urge the Board of Supervisors to begin plans for an adequate safe and modern building in keeping with the needs of this county to house prisoners.

"We wish to commend the people generally for law observance during the past 6 months and all law enforcement officers for their diligence in enforcing the laws which reflected in one of the lightest criminal dockets and the smallest number of serious cases that the Grand Jury has had to consider in many years. It is to be observed and complimented the few Grenada Countians who have been charged before the Grand Jury.

Now having made this final report and returned these true bills of indictment into open court, we respectfully request that we be finally adjourned this 26th day of Jan. 1933.

W. P. Doty, foreman; J. E. Critchfield, J. P. Simmons, clerks.

2 Building Permits Issued This Month

Two building permits have been issued this year, both of them to replace cottages which burned.

R. E. Fox is building a one room house near Union. City Lumber Co. is building a four room house in Newson Alley for J. V. Messina. This replaces one of the cottages, owned by Mr. Messina, which burned last year.

Late in December, a building permit was issued to Emmanuel Baptist Church to erect a \$30,000 edifice. F. M. Lawrence is contractor.

Brotherhood Rally In Greenwood

Greenwood, Miss. A district leadership Conference and Brotherhood Rally will be held Friday, February 3, at the Calvary Baptist Church of Greenwood. A large group of Grenadians will attend.

Those to attend will include pastors, church leaders, workers and laymen from the Baptist churches of this section.

The conferences will begin at 8:30 a. m. and adjourn at 9 p. m.

I got to talking to my old war buddy, Fonda Rowland of the free state, at the power company banquet Monday night and got some news about our subscribers. Tiny Henon of Charleston, Fonda said, and that's his tale, not mine, that Tiny's feet are so large that, when he bought a pair of shoes by mail, the shoe merchant sent the shoes in two separate packages.

To Present Piano Recital

Miss Gloria Norris, of Holcomb, will be presented in a solo piano recital by her teacher Mrs. William A. Lomax at the City Hall auditorium on next Tuesday evening, February 3, 1933.

Gloria is the daughter of Mr. and Mrs. H. C. Norris and the granddaughter of Mr. and Mrs. Sam Norris, both of Holcomb. She is an honor student at Holcomb High School. Her program will consist of numbers by Bach, Beethoven, Chopin, Liszt, Debussy and other writers.

Assisting in the recital will be Miss Patricia Caffey, of Duck Hill, soprano. She will sing numbers from Romberg's "The Desert Song". Another feature of the program will be the rendition of the musical tale, "Peter and the Wolf", by Sergei Prokofieff. William A. Lomax will act as Narrator, while Mrs. Lomax will interpret the orchestra part at the piano.

Ushering will be Gene Brister, Mary Louise Nadeau, Dorothy Hayden and Karen Williamson.

The public is cordially invited to attend.

Loblolly Seedlings Offered Free

It has been determined that there is a surplus of loblolly pine seedlings the area forester said.

This surplus results from three sources:

Cancellation of orders by large planters.

Our seedling turnout is running over our inventory, and success in exchanging loblolly for slash pine seedlings.

By paying the postage, any individual land owner may obtain five thousand of these seedlings free of charge. Five thousand of these seedlings, properly planted, will make 5 acres of eroded land productive.

Anyone interested in ordering loblolly pine seedlings please see Gerald Stevens, Area Forester, at his office; 51 Highway South, Grenada.

M. P. & L. Co. Hold Annual Sales Meeting

Approximately 20 electrical distributors and dealers from Grenada, Charleston and Winona areas attended the annual sales meeting, held here Monday night by Mississippi Power and Light Company, according to Francis Criss, Manager of the company's North Central Division.

Prior to the meeting, which was held in the City Auditorium, the distributors and dealers were guests of the power company at a dinner.

Purpose of the meeting was to acquaint wholesale and retail appliance distributors and dealers with Mississippi Power and Light Company's sales program for 1933 in order that they might coordinate their sales plans with those of the utility co.

In Monday's meeting Division Manager Criss reviewed the current market for electrical appliances and outlined the general economic situation for 1933. He pointed out that in the past ten years Mississippi has made greater economic gains than either the South or the nation as a whole. He also called attention to the fact that since 1930 some 91 new industries have located in the 44-county territory served by Miss. P. & L. Co.; and that these new industries have a combined annual payroll of approximately \$12,000,000. Mr. Criss stated that since it is accepted that the average payroll dollar turns over five times in the area in which it is spent, this means around \$60,000,000 in additional retail activity has been created by these new industries. These figures, he continued, indicate the tremendous potentials for electrical appliance sales.

Frank G. Smith, commercial and industrial sales manager for the company, and J. J. Powell, residential and rural sales manager, outlined these phases of the 1933 sales program. Both executives are from the company's general offices in Jackson.

As part of the residential sales program, Sales Manager Powell presented a brief dramatic skit, composed of a series of slides and a transcribed recording.

Similar meetings are planned for Brookhaven, Vicksburg, Natchez, Ben Loholia, Jackson, McComb, Greenville and Cleveland.

MRS. R. A. McREE, SR. DIED AT HOLCOMB

Member Of Old Carroll Co. Family Was 85

Mrs. Richard A. McRee Sr. died in her home in Holcomb Monday, January 24, 1933.

Mrs. McRee was the daughter of Mr. and Mrs. John T. Howard of Smithville, Carroll County, Mississippi, and was born February 23, 1868 and, therefore, was almost 85 years of age when she died. About 90 years ago, she and the late Richard A. McRee of Tennessee married. When their boys were young they lived on College Boulevard in Grenada and, earlier, in Persons Station, this county, where Mr. McRee was a successful merchant and cotton buyer. Until his death about 30 years ago, Mr. McRee, while maintaining the home in Grenada, conducted his business enterprises in Holcomb.

Mrs. McRee's life was church-centered and devoted most of her long useful life in church work. Until about a year ago, she seldom missed church or Sunday School services. Some years ago, Mrs. McRee sold her home in Grenada and bought a home in Holcomb to be nearer one of her sons, Fulton, and her grandchildren there. About 15 years ago she became blind. At her age, she studied the Braille system and mastered it.

In her young womanhood, she attended Grenada College and was very proficient in oil and china painting.

In Grenada she took three different young women in her home and "mothered" them and educated them.

Among her survivors are two sons, Fulton McRee of Holcomb and Richard A. McRee of Iuka; one sister, Mrs. Lettie Aven of Greenwood and three grandsons, Jack of Memphis, Kirkland of Holcomb and R. A. III of Iuka. She also left 7 great grandchildren, Ann Norris, Rosemary, Jack Sanderson, Ronald A. IV, Corrine, Marcia and Mike - all McRees.

Funeral services at the Holcomb Methodist Church were held Monday afternoon. Interment was had that afternoon in Holcomb cemetery. The Holcomb Methodist pastor, Rev. G. R. Lawrence was assisted by his Baptist colleague, Rev. Robert Clegg of Holcomb.

Active pallbearers were Warren Hallman, Amsey Mullen, Craig Mullen, Fletcher Howard, Charlie King, and Groce Carver. Honorary pallbearers, Jim Elliott and Volney Nasson.

Relatives and close friends from out of town other than a large group of friends from Grenada, were Mr. and Mrs. R. A. McRee, Jr. and Mr. and Mrs. R. A. McRee III of Iuka, Miss. Mr. Jack McRee of Memphis and the following from Greenwood, Mr. and Mrs. J. H. Aven and two daughters, Ann Howard and Betty Sue, Mr. Charlie King and son Aven King, Mrs. Robbie Hobson, Mr. and Mrs. Fletcher Howard, Terrell Wells, Charlie Wells, Joel Pate, Mrs. Louise Bell and Mrs. Leslie Powell.

H. Calhoun of Grenada. The committee is to name two nominees from Panola County and two from Calhoun County.

Holcomb Tenth Grade Visits Library

The tenth grade of the Holcomb High School spent the morning Wednesday, Jan. 21 at Grenada County Library, doing research work for term papers. This was brought about by the cooperation of the English Department and the library staff. It was a very busy place and time. Material was sought in books and magazines and pamphlets on subjects ranging from baseball to tuberculosis.

The idea behind the project was to give the students an idea of what a library affords in aids for such work and also to prepare them for further research either at college or on their own in later life. Such cooperation and use of centralized materials are fine for community growth. We hope that other people will follow these young folks in making use of this service offered by their library.

Holcomb 10th grade student are: Lynda Miller, Bettye Vickery, Gloria

Norris, Loretta Eldson, Barbara Cunningham, Christine Holmes, Beatrice Smith, Frankie Bursi, Doc Little, Cecil Little, Charles Holland, Bobby Bailey, Paul Corlton, James Lee Bailey, Willie Paul Carver, Vince Thomason, Miss June Boren is the English teacher.

BAIN-McCORMICK

Mr. and Mrs. Edwin Gaston McCormick announce the marriage of their daughter, Miss Doris Louise McCormick to Mr. William Horton Bain, son of Mr. and Mrs. William David Bain on Saturday, January 24, at 2:30 in the afternoon. The ceremony was performed in the study of the First Baptist Church in Grenada with the pastor, Rev. John Landrum officiating, using the impressive double ring service.

Miss Sarah Alice McCormick, cousin of the bride, attended as maid of honor and Mr. C. C. Provine was best man.

The bride was beautiful in her wedding suit of Navy which featured rhinestone trim, Navy accessories, and with a close fitted Navy straw hat trimmed with velvet embroidered with silver beads. Her corsage was of white gardenias, pink carnations and lily-of-the-valley.

Members of the two families and close friends attended.

The bride is employed at Sears Roebuck Order Office in Grenada, and Mr. Horton is employed at Harris-Vose Stock Exchange in Greenwood.

They will reside in Grenada on 4th Street.

MISCELLANEOUS SHOWER FOR BRIDE

The attractive home, located in the Camp McCain area, of Mrs. T. A. Ligon was the scene of a miscellaneous shower on Monday evening, January 19, honoring Miss Doris Louise McCormick, bride elect of William Bain. Miss Alleen Ligon was co-hostess, and assisted her mother entertain the guests.

The home was attractively decorated with jonquils, narcissi and blossoming shrubs. For this occasion Miss McCormick wore a tulle-trimmed suit of pale blue faille, a pink carnation corsage, a gift from her hostess and black accessories.

After two bridal game contests, prizes were awarded and both were given to the honoree. Gifts were presented in a ribboned basket. She received 80 gifts, however, because of illness among those who were invited, thirty guests were present. A frozen dessert with salted nuts and coffee was served.

IRIS CLUB INSTALLS OFFICERS

At the Dutch treat meeting of the Iris Club, staged at the Barwin Hotel Coffee Shop on Thursday, Jan. 22, the following members were installed as 1933 officers, with the vice president of the club for 1932, Mrs. W. J. Jordan, as installation officer. Mrs. T. B. Revelle, out-going president was unable to attend due to a cold.

The officers installed were: President, Mrs. D. O. Carlisle; 1st V. P., Mrs. Sam Simmons, Sr.; 2nd V. P., Mrs. G. P. Deaton; Secretary, Mrs. Frank Oliver; Treasurer, Mrs. J. D. Dyre.

Attractive new year books, made by Mrs. Griffith Meek, who is a talented artist in Grenada, were distributed, and Mrs. H. J. Thell, chairman of the program committee, requested the new President to discuss plans for the club year.

The members enjoyed a dessert course with coffee.

COMMUNITY CONCERT ASSOCIATION

The Serenaders, a quartet of male voices, members of the Community Concert Association, received enthusiastic applause on Friday evening, Jan. 23 when they appeared before a capacity audience assembled in the auditorium of Grenada Elementary School. Music lovers from Greenwood and Coffeeville attended.

The Quartet consisted of Lawrence Lane and Ralph Nielson, tenors, and Bernard Izo, baritone, and a very splendid basso, who substituted for Robert McCowen.

The program, with selections from Johann Sebastian Bach, Mozart, Rogers and Hammerstein and folk songs proved to be delightful entertainment.

Dr. and Mrs. J. K. Avert spent Monday in Jackson. On Sunday Mr. Ray Bass of Lumberton spent the day in the Avert home, visiting his little son, just arrived home from Oslo, Norway.

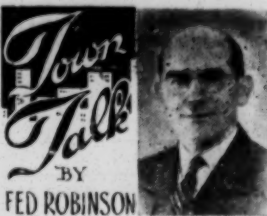

SEEN, HEARD & TOLD BY THE EDITOR

We cannot but cough the things which we have seen and heard. Acts 4:20.

Our cat, John, is looking forward with unconcealed zest to the arrival in our home of a canary bird, given Mabel by Mrs. Avert. John's goal of course will be that of eating the canary and he will eat the bird or spend the remainder of his life trying to catch him.

Squire Byran Baker, we hear, was not present when Judge Rodgers had the roll of county officers called at opening of court Monday morning, and fined Squire Baker five dollars. That reminds me of another time during another era. I was on the board of supervisors, Judge John Allen was on the bench, and Dave Dogan was Sheriff. If the officer was not present to answer his own name, Dave Dogan yelled a loud "here" for him and the next name was called. In that era, with that "here" up, nobody was ever fined by the judge.

Brother Lon Knight was Johnnie on the spot at the meeting of circuit court here Monday. Probably some hellion, or hellions, from Little

BY FED ROBINSON

LAYER: dictionary says it means among other things, "one thickness, stratum, row or coating." We write about it because of its extensive meanings. The earth is made of layers of rock, sand and dirt of different kinds. How many layers we walk on each day we do not know, but the Creator saw fit to make the old earth in layers, and it is very interesting to meditate on that fact. The top layer we call top-soil and from that thin layer of a few inches we grow food which sustains us. Mr. Rex Blue of Grenada once told our club that the average thickness of our top soil in the USA was about five inches, and said that was all standing between us and starvation and we ought to take very good care of those five inches of soil. I have never forgotten Mr. Blue's serious statement. Well, if those five inches finally washed away to the sea, we'll find another layer of some composition and we'll just have to learn what foods would grow on that kind of dirt. Who knows we might have it revealed to us how the next layer of earth could be made to grow even better things than the first layer. As a matter of fact some

time - out yonder in the future, the people who populate the earth may have a brand new layer of earth to cultivate, and on it they may grow even better rations than we know about. He who made the earth can and will certainly provide means for His people to live on it.

Texas needed bailing out of some kind or kinds of trouble. Brother Knight would feel himself forever in disgrace if some Little Texan ever got in jail.

Tom Nolan, City Manager of Franklin, Virginia, established a bad precedent by GIVING his friend, Janny, a book writer in Washington, a subscription for the GCW. Now Tom has to keep it up, or drop Janny flat. Janny recently gave Tom a book, so Tom dropped another \$4.

Aint they sweet.

Lon Knight, Little Texas tycoon, came to Grenada sady to pay his dues to the GCW.

JITNEY-JUNGLE RECIPE OF THE WEEK!

LIME PIE
(By Mrs. Sammie Bailey)

Can sweetened condensed milk	4 egg yolks
4 egg whites	2 tablespoons butter
1/2 cup lime juice	1/2 teaspoon vanilla
3-4 cup sugar	

Into a bowl pour one can sweetened condensed milk. Add four egg yolks and two tablespoons butter. Beat mixture until creamy. Add 1/2 cup lime juice.

In a separate bowl beat four egg whites to which you have added 1/2 teaspoon salt and 1/2 teaspoon vanilla. Beat mixture until the egg whites make a stiff foam. Add 3-4 cup of sugar, one tablespoon at a time, beating after each addition. After the sugar has been added, beat for a few minutes longer to make certain the sugar has completely dissolved. Dip out one half cup of the meringue and fold into the filling mixture. Pour filling into baked pie shell. Spread remaining meringue over pie, making certain that the meringue reaches clear out to the crust all of the way around. Put the pie into a 450 degree oven for 5 minutes or until it is a delicate brown. Watch closely while it is browning. It doesn't take long in an oven this hot and a minute too long can be disastrous. Let the pie cool at room temperature, then chill in refrigerator.

have a church. The cause of the story getting into the papers is the expectation of a great influx of people now that a new oil field is being developed in the community and Kendrick, Oklahoma with 172 population is destined to be a roaring metropolis soon. Well these good neighbors will be sorry they will be sorry because they are about to exchange their modern "Shawnee" where life has been so orderly and peaceful for fat bank accounts, and wherever one finds quick and abundant riches he will find many of the evils of the world like those described by John in Revelation 2:2. And there come out of the smoke locusts upon the earth and when they were high power is the abundance of the earth have power. So we do not envy Kendrick, Oklahoma, of their promised riches, rather we feel they will realize they have made a bad error when their heads are turned into a hubbub and nothing of town and property lines are disturbed and neighbors are and friends are envious and greedy neighbors for the black gold that will wash from their lands and endow them with ill will and hate.

A new year - a new leaf. He came to my desk with a quivering lip the lesson was done. Dear teacher, I want a new leaf, he said. I have spoiled this one. In the place of the leaf so stained and blotted. I gave him a new one all unpotted. Dear Father, hast Thou a new leaf for me I have spoiled this one. He took the old leaf stained and blotted. And gave me a new one all unpotted. And said stay over, and do better this time son.

News story tells about a little town in Oklahoma, Kendrick by name, that has been blessed in many ways. All the town's young men have served in the wars but not one has ever been injured, much less killed. There's never been a case of Tuberculosis, polio or typhoid in the town. They don't even have a doctor or a drug store. They had no business so they closed up and left. They have no police or marshal, the jail has crumbled and no one can remember who was last arrested there or why. Several tornadoes have blown up around them, but always they have veered away. The story doesn't mention churches, but we sincerely hope they haven't tried to stretch their luck so far as not to

Did You See Dattel's Cow Boy Boots?

Have you seen that pair of hand-some cow boy boots on that rotating pedestal in Charlie Dattel's show window? I did, then went in there and asked the story, and here is the story. If you looked closely at them you

saw the name, "Mississippi" embroidered on them, also saw the mock-up bird, the Mississippi state flag, the white state house, and a replica of the state flower, the magnolia blossom, also some roses and a steamboat - all very artistically done in the best style.

The boots were made by the Acme Boot Company of Clarksville, Tennessee, which made such boots for each of the 48 states. This pair of boots is to be displayed here about a week, then sent to another shoe salesman, each week in another Mississippi town until it completes its circuit, then back to its makers.

Charlie Dattel and the pair of boots are located at 100 Central Avenue, in the new building at the corner of 1st and Central.

Acme Boot Company claims to be the largest boot-maker in the world, with two main plants, one in Clarksville, Tenn. and one in St. Louis, Mo. Each factory employs 5000 men.

C. Of C. Achievements Under Defenbaugh (Dorothy)

William F. Winter, attorney and state representative, will begin his duties Monday as manager of the Chamber of Commerce, succeeding Rodney Defenbaugh.

Mr. Defenbaugh has opened an office in the Heath Building where he will engage in financial work.

During Mr. Defenbaugh's term of office, many successful activities were carried on by the Chamber of Commerce. The outstanding ones were the farm program, the Christmas lighting program, Hospitality Month program and the cash give away program.

All these activities attracted favorable attention to Grenada.

In addition, Mr. Defenbaugh earnestly and intelligently sought in-

FLU EPIDEMIC

There is something you can do about the prevention of Influenza. Ask your doctor about taking Influenza Virus Vaccine. This we understand was discovered by Army research in World War II. It is very effective for prevention. At Dyre-Kent's you will also find neovacagen tablets you can take by mouth. This is a bacterial antigen tablet with antihistamine. This tablet can be taken before breakfast for seven days for prevention or can also be used for treatment. You will find at Dyre-Kent's for treatment of colds — Histies for prevention, Kwicksies for treatment of head, colds, K.K.K. (Kwick Kold Kompound) for relief of coughs. All of these remedies are guaranteed relief or your money refunded. The Flu vaccine is \$1.40, Neovacagen, \$1.75 for 20 tablets; Histies, 50c; Kwicksies, 50c; and K.K.K., \$1.00 and remember you can depend on any product that bears the name REXALL.

Do you remember the Farm Debt Adjustment Committee which helped farm debtors and their respective creditors "get together" without fore closure during the depression years? It was composed of R. West, E. L. Boteler, Sr., E. C. Hayward, J. R. Parker and W. W. Whitaker. I had forgotten until Henry Orman in Los Angeles send me an old letter written on the letterhead of the committee. This committee and such committees throughout the nation did a lot of good.
